TWENTY-SEVENTH ANNUAL GREEN CHEMISTRY & ENGINEERING CONFERENCE

June 13-15, 2023 | Long Beach, CA & Hybrid

Closing the Loop: Chemistry for a Sustainable Future

Present your research at the GC&E 2023 Conference and explore how chemistry and engineering is contributing to a more sustainable future.

Broad Thematic Areas:

- Synthesis and Catalysis
- Polymers
- Green Chemistry Practices in Industry
- Circle of Chemicals and Materials
- Biomass Valorization
- Careers in Green Chemistry
- Sustainable Product Design
- Sustainable Agriculture
- Green Chemistry, Engineering and Toxicology Workshops
- Chemistry Education
- Greener Energy and Fuels
- GC&E Poster Session

Submit your abstract at gcande.org by February 13, 2023. Present in person or virtually.
